Pleads Not Guilty In Car Fatality

Herald Vernon Bureau
VERNON — One of the five criminal negligence charges to be heard at the Fall Assizes here opened yesterday before Mr. Justice J. G. Ruttan.

Facing charges in connection with the death of Lorne Swicker near Kelowna on May 24 is Stewart James McLeod. Represented by E. L. Whiffin, McLeod pleaded not guilty to the charge.

D. S. MacTavish is presenting the case for the crown. McLeod was charged following a motor vehicle accident which climaxed a 12-mile chase by a patrol car at speeds alleged to have reached 105 miles an hour.

First witness at yesterday's hearing was an RCMP constable who stated the vehicle's excessive speed on the highway first caused him to give chase. Though the patrol car siren would not work the constable said he had the red flasher working and was sounding the car horn continuously.

At the end of the chase the car left the road tearing through a barbed wire fence and striking a cottonwood tree. The car eventually came to rest some 40 feet from the highway.

BADLY HURT

Arriving at the scene, the constable observed one man, Swicker, lying in front of the damaged vehicle, apparently badly hurt. Two women, and another man, were standing by the car. The accused was not among those observed by the officer.

After radioing for an ambulance and doctor to be at the hospital, the officer attempted to give first aid to the injured man.

Dr. Gordon McLaren, of Kelowna, testified that the man brought to the hospital had been terribly injured and upon subsequent examination was found to be dead.

Death was attributed to "multiple compound fractures of the skull, fracture dislocations of the first and second neck vertebrae, severe bleeding and other injuries."

ARRESTED BY POLICE
After interviewing the witnesses, who had been sent to the hospital, the RCMP subsequently arrested McLeod, at his Sutherland Street apartment, at 12:30 Sunday morning, May 5.

The testifying officer testified that he observed no evidence of tears, or dampness, of the accused's clothes, when the suspect was aroused from bed. Reference to the state of the clothes, was associated with the previous discussion as to whether a man could leave the scene of the possible route, would necessitate crossing the area lighted by the headlights of the various cars at the scene. To leave by the unlighted area, defense pointed out, it would be necessary to cross a stream 20 feet wide and 2-3 feet deep.

The hearing is continuing.

WE'RE GOING THAT-AWAY SAYS TARALA

Hal Tarala points an optimistic finger forward as he, Eddie Diachuk, left, Johnny Utendale and Rho Touzin, form the crew of the 16-foot boat up for sale to help raise funds for the Vees. "One thing about Penticton," says skipper Hal Tarala, "they really get behind their hockey team."

The boat is but one of hundreds of items going on sale Saturday in the big fund raising drive. The big auction starts at 10 a.m. and finishes at 8 p.m. on the Safeway parking lot.

France Raps U.S., Britain On Tunisia Arms Plan

BULLETIN
WASHINGTON (AP)—In the face of French objections, the United States announced today it is sending 500 M-1 rifles and 50,000 rounds of ammunition to Tunisia. Britain announced in London that she is delivering other arms.

By HAROLD KING
PARIS (Reuters) — Premier Felix Gaillard's new government today accused the United States and Britain of "a breach of Atlantic solidarity" by planning to send arms to Tunisia.

Foreign Minister Christian Pineau made the charge in a private address to the National Assembly's foreign affairs commission.

An official statement later revealed portions of Pineau's speech. The commission meeting followed a night of intensive diplomatic activity arising from a U.S. note on arms requested by Tunisia. The North African nation, now independent, is a former French protectorate.

Gaillard, who took office only nine days ago, summoned a cabinet session this morning. Afterward, a government spokesman said France wanted to be "the exclusive supplier of arms to Tunisia."

REBELS FEARED

The crisis arose over French fears that arms for Tunisia will reach Algerian rebels. The U.S. and Britain believe Tunisia will turn to Russia for arms if western supplies are cut off.

Civic Planning Board of Trade Topic Tonight

Ald. Halford D. Wilson of Vancouver, long-time proponent of long-range civic planning, will suggest how Vancouver's five-year plan might be adopted to Penticton's needs for sewers, water main extensions, and tourist and civic developments, in an address at Penticton tonight.

Ald. Wilson will be guest speaker at the monthly dinner meeting of the Penticton Board of Trade. The meeting, to be attended by city hall staff and city council members as well as other Board of Trade guests, will begin at 8:30 p.m. in the Hotel Prince Charles.

No Application Made to Block Sloan Inquiry

VANCOUVER (CP) — No formal application had been made to block the Sloan Royal inquiry into bribery allegations against Robert E. Sommers.

Alfred Bull, counsel for one of six firms named in the commission's terms of reference, told the opening session at Victoria Tuesday that he probably would apply for an injunction.

Prospect Dim for Further Wage Talks

By DAVID ROWNTREE
Canadian Press Staff Writer

VANCOUVER (CP)—A strike of 6,000 British Columbia pulp and paper workers began at 8 a.m. today. There were no last-minute talks to avert the walk-out, voted for by the membership of two unions to back up wage demands.

The strike adds to the labor troubles of a province in which there already is heavy unemployment.

At the end of October, more than 27,000 persons were out of work in the Greater Vancouver area, the National Employment Service estimated.

Figures for the rest of the province are not available but 1,500 construction workers have been laid off jobs at Kitimat and lumber operators throughout B.C. have been cutting back on work forces. Reduced demands for aluminum and timber products has been blamed for these layoffs.

NEWSPRINT HIT

Precise effect which the strike will have on newsprint supplies could not be ascertained immediately.

D. R. Blair, spokesman for the seven companies involved, said they had no stockpiles to meet demands of publishers. Stockpiles maintained by the publications themselves would vary.

The management side appeared to be settling down to a finish fight over the issue at stake. Mr. Blair said there was no immediate prospect of a resumption of negotiations.

The night shift at nine mills operated by the seven firms walked off the job at 8 a.m. The day shift did not report at that hour as scheduled.

It is the first time in history that the entire B.C. industry has been closed down because of a labor dispute. The weekly payroll loss will be more than \$1,000,000.

Eighty-six percent of the workers who voted in a government-supervised ballot last month favored strike action. They seek a 12 1/2 percent increase on top of the present basic rate of \$1.72 an hour. The companies have offered 7 1/2 percent. Mr. Blair said hourly earnings average \$2.30.

The strike will result in curtailment of almost 10 percent of the world's newsprint supply. Powell River Co. alone manufactures five percent of the world's newsprint.

Other companies strikebound are Alaska Pine and Cellulose, MacMillan & Bloedel, Columbia Cellulose, Canadian Forest Products, Crown Zellerbach Canada Ltd., and Elk Falls.

TALKS REFUSED

John Sherman and Hal Brown, international vice-presidents respectively of the International Brotherhood of Pulp, Sulphite and Paper Mill Workers and the Un-

ited Papermakers and Paper Mill Workers, said the companies refused an offer of last-minute talks.

H. L. Hansen, representative of the Sulphite Union, said an agreement was reached with building trades unions to permit normal construction to continue unimpeded.

Actual closure of the giant industry began Tuesday when employees stopped feeding raw materials into pulp, digesters and began preparing the plants for shutdown.

Only equipment that will remain in operation will be that used for heating the mills to prevent frost damage. The unions have agreed to supply personnel to keep the heaters going.

Canadian National Railways has announced it will lay off two train crews which have been hauling logs into Columbia Cellulose's Watson Island mill near Prince Rupert.

Jack Moore of the International Woodworkers of America said he expects a gradual cutback in logging operations because of the strike.

Agreement Reached on Power Project

OTTAWA (CP)—Prime Minister Diefenbaker announced today in the Commons that agreement has been reached with Nova Scotia and New Brunswick for a vast federal-provincial power development program in the two provinces.

Mr. Diefenbaker said the program will be "largely self-financing and self-liquidating."

As forecast in the speech from the throne, "the federal government will provide, on a basis of full repayment by the province of New Brunswick, the necessary financing" for the Beechwood project now nearing completion.

Parliament would be asked this session for approval of a loan for the full cost of the Beechwood plant—"but not in excess of \$30,000,000." Mr. Diefenbaker said it likely would amount to about \$20,000,000.

Common Policy For West Urged

PARIS (Reuters) — NATO chief Paul-Henri Spaak today called for a "revolution in diplomacy" — a compulsory common Western foreign policy.

The secretary-general of the North Atlantic Treaty Organization also said the West's task in a cold war is to achieve a "revolution in diplomacy" — a compulsory common Western foreign policy.

Spaak was addressing legislators from 15 NATO nations at a six-day conference here prior to the December meeting of NATO government chiefs.

The necessity of "guns and butter" — Sputnik and the washing machine — calls for Western nations to work together. "None of our countries can do it alone," he said.

Last year's Suez crisis showed that NATO must have a common world policy.

"Some will have to give up a long tradition. Others will have to adopt something completely new in their approaches to world problems," he said.

75 Evacuated As Hole Widens

SEATTLE (AP) — Seventy-five persons were evacuated today as a gaping hole 60 feet deep engulfed a north end boulevard and threatened to gulp down nine homes and an apartment house.

The black crater, the stubby ends of broken water, gas and sewer pipes jutting from its dies, was 150 feet long and 75 feet wide.

Asks for Reduction In NHA Payments

OTTAWA (CP) — The National House Builders' Association, in a brief to Works Minister Green, today asked for reduction of National Housing Act down payments to 10 percent and extension of amortization payments to 40 years.

Present down payment on new dwellings for ownership is 10 percent on the first \$8,000 of mortgage and 30 percent on the remainder. Maximum NHA mortgage is \$12,800. Maximum mortgage amortization period now is 30 years.

The builders also asked for an increase in the loan values allowed under the NHA for rental units.

The brief suggested working out a rental-purchase agreement under which a tenant could buy the premises he occupies at the end of five years, using part of his rent payments as a down payment.

The brief also said the government should ensure an adequate and continuous supply of mortgage funds.

Po Flood Takes Economic Toll

ROVIGO, Italy (AP)—The twin onslaught of Po River flood waters and Adriatic Sea tide today sent thousands of Po delta inhabitants into a headlong flight reminiscent of wartime evacuations.

The swirling waters left only one road open, and it was jammed with horse-drawn carriages, cars, trucks, cattle, bicycles and pedestrians.

Rescuers, to speed up the evacuation, started under torchlight last night, pressed into service all available motorboats.

There were no casualties, but this fifth Po delta flood in two years was beginning to take an economic toll.

U.S. to Boost Defence Outlay

OKLAHOMA CITY (AP)—President Eisenhower says that cost of weapons in the space age means that there will be a "very considerable" boost in United States defense spending.

As a result, non-essential national programs will have to be cut drastically or eliminated entirely and a balanced budget will have to be sacrificed for the time being, the president said last night.

He departed from his prepared text to add "And pressure groups will walk in anguish."

In a television-radio address, the president also called for a stepped-up educational program of training scientists to meet the Russian threat. He suggested the program include such incentives as fellowship grants to provide more science teachers. But he did not go into detail on his suggestion.

Eisenhower asked for greater concentration on basic research, saying "the warning lies in the fast rate of increase of the Soviet effort" in the field of science.

Union Seeking New Wage Hike From Boards

The Okanagan Valley School Employees Union has served notice on various boards of trustees in the valley that it is seeking new wage schedules and revised working conditions.

Over the signature of T. R. Prior, secretary-treasurer of Local 323, these employees have asked for a 40-hour week all year round; a straight \$20 monthly increase "across the board;" three weeks' holidays annually after five years of service; that all part-time employees be regarded as half-time employees; and that casual labor be paid the "going rate."

Penticton trustees, at last night's meeting, set November 20 as the date for a meeting to consider their requests.

Janitors are the employees chiefly affected.

Nepal Premier Resigns Post

KATMANDU, Nepal (AP)—Dr. K. J. Singh, a long-time rebel who once took political asylum in Communist China, quit as premier today.

Announcement of his resignation was made in a radio broadcast by King Mahendra, who pardoned Singh three years after the physician's failed revolt of 1952.

No reason was given for the resignation. The king said he will take over the government until a new premier is named. Singh, chairman of the United Democratic Party, became premier last July 26. He formed a coalition cabinet with independents.

SEEK DOWNFALL OF CUBAN PRESIDENT

Rebels Put Torch to Crops

By LARRY ALLEN

HAVANA, Cuba (AP)—Soldiers of rebel leader Fidel Castro have put the torch to sugar cane fields and tobacco warehouses in an attempt to bring down President Fulgencio Batista.

They were estimated today to have burned crops worth nearly \$2,500,000.

So far the dent in Cuba's economy is negligible. Qualified sources said the rebels have fired about one-third of one percent of Cuba's 3,200,000 acres of cane. Castro's band of about 600 guerrillas and their supporters started

ed 54 big fires in the last four days. All of them centred around approaches to the rebel hideout in the Sierra Maestra Mountains of easternmost Oriente Province.

Other fires have been set in the western province of Pinar del Rio the sources said, and more than 50 tobacco warehouses have been burned there.

THREE KILLED

Cane field workers in Oriente made no attempt to extinguish flames after one field foreman who had tried to fight a fire was reported shot and killed by Cuban troops. Three rebels were killed

and two wounded while trying to burn a field, the government said.

Castro's new fire offensive was believed to indicate he thinks he has no likely chance of winning over Batista's army. The rebel chief obviously hopes his destruction of sugar cane and tobacco—the island's main crops—will cause so much labor unrest and dissatisfaction among owners and businessmen that they will turn on Batista.

Widely distributed bulletins calling for burning of sugar and tobacco crops appeared to have been printed in Miami, Fla. Government officials waited to see

how effective they would be.

The rebels have called for a "general revolutionary strike" about Dec. 15.

About 1,500 troops, meanwhile, patrolled the coast in Pinar del Rio province. There have been rumors that reinforcements of arms and men would be landed there from Mexico to open a second front for Castro.

Castro launched his insurrection from Mexico more than a year ago. Several times since then Mexican authorities have reported arresting armed forces they said were planning to join the rebel leader.

JACK FROST REMEMBERED TO CALL

Snow was experienced in some parts of Canada a month ago, but Ontario's Georgian Bay area seemed to be favored by the weatherman. Until a few days ago, that is, when Jack Frost suddenly remembered his oversight and made up for

his neglect by dumping eight inches of snow in a few hours. So, of course, there were the usual number of cars in ditches and other minor accidents.

Boom Ends With Bump For Industrial Kitimat

KITIMAT (CP) — The boom has ended with a bump for Kitimat the giant in the wilderness. This six-year-old town, with a fast-growing, fast-spending population of 14,000 is facing the prospect of large-scale unemployment for the first time.

Unemployment figures are soaring and 1,500 construction workers who felt their jobs in the aluminum smelter town were secure, are likely to face a long winter without work.

Alcan ended the community's boom times two weeks ago with the announcement it will not need two new potlines, groups of buildings where molten aluminum is cast into ingots. Falling markets for the metal was given as the reason.

The company's construction subsidiary, Saguenay - Kitimat, employed the men who would

have built the potlines. Five hundred men were laid off and 200 sub-contractor employees also lost their jobs.

Alcan says another 300 men will have to go before the end of the year and 200 more employed by sub-contractors. This will leave 3,500 hourly-rated workers in the smelter.

Union officials estimate that up to 500 privately-employed persons will also be out of work.

COMMUNITY HIT HARD
The Unemployment Insurance Commission said its unemployment roll jumped to 508 when the first layoffs took place. Last winter's peak was 460.

The layoffs have had a four-pronged effect on the community:

1. A housebuilding program is to be curtailed.
2. Families of the 500 laid-off workers may either have to leave

Kitimat or face a bleak winter with little prospect of re-employment.

3. Sub-contractors who relied on Saguenay-Kitimat for business will either move or curtail their work.

4. Christmas trade will be slack.

Unions are accusing Alcan of cutting workers adrift and imperiling Kitimat business.

Alcan yesterday replied by saying it would defer rents on houses occupied by laid-off construction workers on a sliding scale, with new rents ranging up to \$40 a month. Rental deferment will apply only to cases where the total family income is less than \$130 monthly.

1. A housebuilding program is to be curtailed.
2. Families of the 500 laid-off workers may either have to leave

DENIES HE HAD BEEN "IN HIDING"

Sommers Lifts Veil of Silence

VICTORIA — (CP) — Robert E. Sommers, former B.C. lands and minister whose actions during office are under question of a Royal Commission, said today he was home to "stay".

Mr. Sommers is alleged to have taken bribes in return for forest management licences. A Royal Commission under Chief Justice Gordon Sloan opened Tuesday

but was adjourned to Dec. 3. Mr. Sommers' whereabouts since August have been a secret closely guarded by his counsel and family.

He returned home early yesterday. A squad of newspapermen and photographers took up a vigil outside his home in suburban Victoria for seven hours before he relented and sent for

them. His son Bobby, 9, carried the invitation across the street to the group.

"My Dad says you can come in for a few minutes and to wipe your feet."

Mr. Sommers said he could not discuss the charges made against him because of the commission. He said he had been staying in the United States with his daughter and denied he had been "in hiding."

"It must be obvious," he said, "that he had returned home to appear before the commission."

"You fellows seem quite anxious to see me so I thought I'd call you," he told the newspapermen as they entered the house.

He brushed off the first question, concerning his health, with: "A little better, but I don't think you're really interested in that."

He said it was "no use" talking about his health because "half the people don't care and half wish it was twice as bad."

He said he was suffering from a nervous disorder and had the "utmost confidence" in his doctor at Castlegar, B.C., who ordered him to take the rest.

"I don't say I'm in the grave yet ... and I don't expect to be for a good many years."

He had been reluctant to make any public statements, Mr. Sommers said, because "even when we say nothing it gets twisted."

Accused of Strikebreaking

OTTAWA (CP) — The publicly-owned Canadian National Steamships was accused yesterday of strikebreaking in its move to transfer its vessels from Canadian to Trinidad registry.

James Byrne, L.Kootenay East, asked in the Commons that the federal government reconsider the transfer decision which he said was made in an effort to break a strike in effect since July 4.

The Seafarer's International Union CLC has been on strike against CNS in a contract dispute. The company is switching its ships to West Indian registry to cut down running costs.

He said it was "no use" talking about his health because "half the people don't care and half wish it was twice as bad."

He said he was suffering from a nervous disorder and had the "utmost confidence" in his doctor at Castlegar, B.C., who ordered him to take the rest.

Queen Plans More Palace Garden Parties

LONDON (CP) — Presentation parties at Buckingham Palace will be discontinued after next year, the Lord Chamberlain's office announced here today.

Instead, the announcement added, the Queen proposes to hold additional garden parties in order that larger numbers may be invited to Buckingham Palace.

Court circles said that the Queen has been considering the pattern of official entertainment since 1954.

They said she came to the conclusion that the alteration proposed would permit a larger number of persons from Britain and the Commonwealth, to meet her and Prince Philip.

FINED FOR ARGUMENT

Police at Oliver arrested Pearl Kellar Tuesday evening for causing a disturbance at the Oliver Hotel during an argument over a case of beer. She was fined \$10 and costs of \$6.50 when she appeared before Magistrate Mitchell yesterday.

Striking Pilots May Face \$10,400 Fines

OTTAWA (CP) — Federal transport department officials Wednesday were contemplating going ahead with fines totalling possibly \$10,400 against striking St. Lawrence River pilots.

The action was taken under consideration after the 52 striking pilots on the Montreal-Kingston, Ont., run earlier yesterday in Montreal rejected a settlement offer by Transport Minister George Hies.

Mr. Hies told a reporter he offered the pilots his personal guarantee of job security, and earnings at least equal to their pay take during the last 12 months if they would return to work immediately.

He made the offer Tuesday during a meeting here with a committee representing the St. Lawrence-Ottawa-Kingston Pilots Corporation.

Prince Charles Marks Birthday At Cheam School
NEWBURY, Eng., (Reuters) — Prince Charles, heir to the throne celebrated his ninth birthday today by getting up in a windy dormitory at 7:15 and going to school.

The Duke of Cornwall — the boy's formal title — spent his first birthday away from home at Cheam preparatory school, his elite boarding school near his Berkshire community about 50 miles west of London.

Presentations and a special cake baked by a royal chef were on hand for the young man — but he had to do his lessons and go through the normal routine of a school day before he could start celebrating.

Economic Aid To Allies Urged
OTTAWA (CP) — Hazen Argue, CCF Commons member for Assiniboia, Sask., suggested in the House yesterday the government shift some money from direct defence expenditure to economic aid to allies.

He indicated a view that some of it be spent in buying Prairie wheat and stockpiling it overseas.

Prime Minister Diefenbaker was non-committal.

Mr. Argue drew the prime minister's attention to a reported statement by Lt.-Gen. Guy Simmonds, former chief of the general staff, that \$300,000,000 had been wasted on the CF-105 jet fighter as a "dead duck" and could have been better spent in stockpiling Canadian wheat in Europe.

Radar Film Spots Meteorite in Sky
OTTAWA (CP) — A filmed radar recording has helped solve the mystery of a bright object that flashed across Ontario skies last Sunday. The film indicates it was the biggest meteorite to pass over this area in 10 years.

The radar recording was made at the National Research Council's Springfield meteor observation about 25 miles south of here. The object passed over at between 12 and 15 miles a second and about 25 miles high.

Critic Wants To Take Action Against Papers

LONDON (Reuters) — Malcolm Muggeridge, author of a controversial magazine article on the British monarchy, has asked the Press Council to take action against two newspapers for publishing "distorted and misleading" accounts of what he wrote.

He complains that versions of his remarks about the monarchy published in The People and The Sunday Express brought him into "bad odor."

As a result another Sunday newspaper terminated its arrangement to publish a weekly column for him.

Scores Municipal Taxation System
OTTAWA (CP) — The present system of municipal financing, based on taxation of property, is unfair because it singles out the property owner to bear the burden, says W. J. Leclair of Ottawa, president of the Federation of Canadian Property Owners' Associations.

Mr. Leclair said this method of municipal taxation was devised more than a century ago, when Canada had a "pastoral economy."

"It was when the only use to which taxation was put was to service property. Now the property owner is in a minority, and taxes are used to provide many services which have nothing to do with servicing property."

OLIVER VACANCIES
Vic Casorso is returning officer for the civic elections here. Terms of three commissioners are expiring this year — H. Carter, H. Scott and W. Cranna.

PROVINCIAL ROUNDUP

"I'LL RUN YOU THROUGH"
NEW WESTMINSTER (CP) — youthful thugs, one of whom threatened to stab store proprietor Frank Loxley, fled with \$18 last night. One of them backed Loxley against a wall with a knife and threatened: "Don't make a move or I'll run you through."

NEW CANDIDATES
VANCOUVER (CP) — Three new city council candidates have been nominated by the Non-Partisan Association to contest the Dec. 11 civic elections. They are Reg. Atherton, present school board chairman, Park Commissioner Everett King, and Neil Beaton, a chiropractor making his first bid for civic office. Renominated were Aldermen J. W. Cornett, Anna Sprout and Frank Baker.

HIGHWAY OPENING
KITIMAT (CP) — Highways Minister P. A. Gagliardi announces the Kitimat-Terrace highway will be officially opened Nov. 28. Paying will start next year.

SEARCH FOR HUNTERS
WILLIAMS LAKE (CP) — Another search for lost hunters will start today. Two Vancouver men are missing in the rugged Big Lake district, 70 miles southwest of here. Objects of the latest hunt

are Andrew Evanisky and Les Davenport, both from Vancouver.

CENTENNIAL FLAG
VICTORIA (CP) — British Columbia's official centennial flag will be shown for the first time today at a general meeting of the centennial committee in Vancouver. The flag, showing a centennial crest on a blue background, will be distributed shortly to the 300-odd centennial committees throughout the province.

UBC STUDENT HOUSING
VANCOUVER (CP) — University of B.C. students have approved a plan for a self-imposed fee increase of \$5 annually for the next three years. The \$150,000 this will provide is to be matched by the provincial government for development of student housing.

CLERK PLEADS GUILTY
PRINCE RUPERT (CP) — Kenneth Bones, 21, former bank clerk, pleaded guilty yesterday to charges of stealing two car radios, a tool kit, three thefts of under \$50, carrying a firearm without a permit, and breaking and entering. He will be sentenced tomorrow on these counts and another of robbing Mrs. Vernon Scherck at gunpoint, to which he pleaded guilty earlier.

7 tasty ways to enjoy...

Karo

CORN SYRUP

7 days of the week!

SUNDAY KARO SYRUP is delicious on hot or cold cereals... on toast and muffins, too. 	MONDAY Sweet lunch-line treat! KARO Corn Syrup and crunchy cookies. 	TUESDAY Top off puddings of all kinds with KARO SYRUP to make dinner-time desserts more delightful.
WEDNESDAY KARO SYRUP — Canada's favourite syrup for pancakes and waffles — gives you "Extra Energy" through the day. 	THURSDAY Baked apples are tastier with KARO SYRUP topping. Good on fresh grapefruit, melon, etc. 	FRIDAY As a sauce for ice cream, ready-to-serve KARO SYRUP saves time. Sprinkle with chopped nuts.
SATURDAY KARO SYRUP spread on bread... the ideal between-meal snack for extraordinary school days! 	FREE Keep KARO SYRUP handy because it's one sweet treat that's always ready-to-use... an appetizing and economical source of valuable food energy. 	

For the Extra Energy everyone needs

serve **Karo** syrup every day

Local Economy Sound But Unemployment High

While much of the province, indeed much of Canada, is experiencing what is described as a "not so buoyant" period, Penticton is enjoying the stability brought about by a good fruit harvest.

According to the third crop forecast of the Federal Department of Agriculture, British Columbia's apple crop this year will reach 6,301,000 bushels (53 percent more than last year's crop). Pears, 621,000 bushels (16 percent); peaches, 556,000 bushels (85 percent); apricots, 284,000 bushels (238 percent); and sweet cherries, 79,000 bushels (36 percent). Plums and prunes are forecast at 229,000 bushels.

Strawberry production is expected to be near the 3.8 million quart mark (132 percent up from 1956); raspberries, 7.7 million quarts (121 percent); loganberries, one million quarts (268 percent). An increase of three-and-a-half times compared to last year is forecast for grape crops. The grape harvest may reach 1.6 million pounds.

Unfortunately an increase in unemployment is marring the picture of our relative prosperity somewhat as Frank Christian revealed by questioning the Hon. Michael Starr, minister of labor, a few days ago.

Mr. Starr's reply indicated that on September 20, 1956 some 15,619 men and women were registered for employment at local Unemployment Commission Offices throughout what is termed the Pacific Region. The Yukon and all but the north-eastern tip of British Columbia is included in this region. On September 19 of this year 29,837 men and women were registered throughout the region, an increase of 14,218.

Many local businessmen think these figures best ignored. Like Prime Minister Diefenbaker they feel that to talk about unemployment is to "spread fear in the minds of the Canadian people." Such, of course, is not the case and we confess to surprise that Mr. Diefenbaker should express such a thought.

Whenever there is a large increase in the number of unemployed, the topic is a fair one for public discussion. By bringing the problem into the open and discussing it at every level there is a far greater chance of a solution being found. Mr. Diefenbaker, in accusing the Liberals of spreading fear, went on to say:

"There are no words to express what I think of those who, for political purposes, endeavor to talk the Canadian people into a complex that might bring about the realization of their fears." We hardly expect such statements from a man of Mr. Diefenbaker's standing.

Jobs depend on export markets, inflation, population increases and a thousand and one other things we discuss every day. To try and prevent such vital subjects from becoming a public issue amounts to folly of the

first order.

During the 1954-55 session of Parliament the Conservatives, quite properly, discussed unemployment intensively. Had anyone suggested to Mr. Diefenbaker at that time that he was trying to undermine the morale of the people he would have been rightly indignant.

Surely Canada is not so frightened a country that it feels panicky at the approach of a problem of this magnitude. Our strength lies in the fact that in the past we have met such challenges with courage and ingenuity—and can do so again.

What we need now is a frank, clear statement of the amount of unemployment across the country and an analysis of its character. Following that, if the problem is as great as it appears, we need a debate on the matter to establish the policies best suited to reduce such unemployment. The government should take the lead in the matter. A fearless approach to the spectre, haunting most governments at some time or other, would win for the Conservatives great respect.

The fact that we recognize a problem does not mean that we fatalistically resign ourselves to it. Rather does it mean that we must prepare ourselves as well as we are able to meet the emergency.

The experience of a growing number of cities, towns and villages across Canada has in recent years proven conclusively that a little intelligent foresight and advance planning at the community level can go a long way towards beating this thing.

How? By spreading the job load more evenly over the year as a whole. Governments, municipalities, private and commercial undertakings and individuals have all found that there are no end of projects which can be both commenced and completed in winter. And more conveniently and at less cost than in summer, too.

This is neither wishful thinking nor mere exhortation. Unemployment can be kept to an absolute minimum if there is a really concerted effort at the community level. If, on the other hand, there is widespread apathy and complacency on the part of those whose jobs are not directly bound up with weather conditions, then there surely will be a steep increase in the number of those who are without work.

A high level of employment is vital to both national and local prosperity in winter no less than in spring, summer and autumn. Without it, consumer demand for goods and services cannot be sustained and business will become depressed. Everyone of us has a vested interest in seeing that this is not allowed to happen.

Every one of us has an obligation to help hold down unemployment in our community. We cannot do so by ignoring the problem.

Priced Out of Business

Canada's merchant seaman is far better off than his counterpart anywhere else in the world. But apparently Johnny Canuck is still not satisfied.

Whether his latest request for a wage increase was reasonable or not it could scarcely be called realistic. The result of the demand was the transfer by Canadian National of eight ships to Trinidad registry. Canada's merchant marine thus becomes almost entirely defunct, priced right out of the market by the men who looked to it for employment.

Little can be said in defence of the

Seafarers' International Union for refusing the offers made by CN. Hal Banks, president of the Canadian SIU, stuck out, according to CN, for 50 percent more than a neutral arbitration board offered him. We hope Mr. Banks is happy with his accomplishment.

Sad though it is to see Canadian ships transferred by registration to other countries there is little else CN could do. If other trade unions could note the tragic results of unrealistic demands, some good may yet be obtained from the evil.

THE BACKWARD GLANCE

From the Files of Penticton Herald

50 YEARS AGO—November 1907 — Okanagan Falls — Workers on the dam returned from the hills and celebrated by running a foot-race across the townsite. . . . The Provincial Farmer's Institute held a session, with W. F. Kydd as principal speaker. . . . Summerland—On the honor roll for September, in the senior division, Grace Logie, Wynona Stewart, and Helen Phinney topped the list; while in the primary division Eva Bloomfield, Hattie Phinney, Jean Babbitt, Edna English and Doris Williams were the high scholars.

40 YEARS AGO—November 1917 — The Liberals of Yale riding announced they would not name a candidate in the federal election, so that the Hon. Martin Burrell would be unopposed. . . . The KVR reported it was building a roundhouse, lunchroom and lodging house at Coquihalla Summit. . . . Water Suppl. Muffitt had captured his covet behind the Herald office, where it was dining off discarded papers. . . . Matt Wilson of Paradise ranch was brought to the Penticton hospital, having fractured his arm in a fall from a ladder while picking fruit.

30 YEARS AGO—November 1927 — A clamping

down in municipal spending had been ordered, as the electric light and irrigation departments had overspent their estimates. . . . Chief Engineer J. M. R. Fairburn of the CPR had driven a track-whole Cadillac over portions of the KVR. . . . Robt. Howson's Ford ran away from him. Parked in the cemetery, it started moving on its own when the brakes slipped, and dropped into a 150 foot gully.

20 YEARS AGO—November 1937 — W. L. McPherson was being congratulated on the opening of a new Main street business block, to house Overwater, D. K. Gordon, and the Bruce Armstrong's men furniture store. . . . Local meat dealers had asked the council to impose regulations on the handling of meats, including a rule that all such stores must have a walk-in type refrigerator. . . . Summerland — A money measure for \$80,000 — to enable the community to replace wooden water pipes was advertised. . . . A Board of Trade resolution called for the establishment of a north-south air service, utilizing an airport at Penticton. . . . It was estimated that Alberia would get 50 cars of relief fruit from the Okanagan valley.

64 BILLION RUBLE CHALLENGE

INTERPRETING THE NEWS

West Germany Rides Hot Winning Streak

By ALAN HARVEY
Canadian Press Staff Writer

Western Germany is a poker player riding a hot streak. She's picking up so many chips the other players will have to find fresh funds, or call off the game. That roughly is the portent of an economic survey just published in Paris. It warns that Germany is running too big a surplus on foreign trade, and France too big a deficit.

The result is a lack of balance which may menace the European trading structure painfully built up in the last 12 years.

The warning comes from the Organization for European Economic Co-operation, a 17-country body. It counsels France to take

"vigorous action" and calls on Germany to pursue a less restrictive monetary policy.

LIQUIDITY ENDS
Greater use, it feels, could be made of German resources, by domestic consumption or investment, without threatening inflation.

The figures are striking. France's foreign deficit in 1957 may reach \$1,200,000,000. In Germany, central reserves three months ago totalled \$5,400,000,000.

Such a rate of accumulation involves "serious international liquidity problems," particularly for Germany's European trading partners, the report adds.

Superficially, a large surplus

sounds attractive. The creditable comparison, however, illustrates the worry. If Germany gets a corner on the chips, play deteriorates "liquidity" becomes difficult. In the world context, United States economic dominance causes similar strains.

WHAT OF THE FUTURE?
In Germany, the government is taking some emergency measures, including a transaction with the Dutch finance ministry, which may reduce the surplus. There is also a feeling on the continent that the amazing German economic boom is beginning to pass its peak.

In France, strenuous efforts are being made by Premier Felix Gaillard's week-old government to avert what many observers fear may be a really serious foreign-exchange crisis.

Gaillard seeks special powers to raise taxes and reduce spending. He wants to cut down expensive account lunches, penalize shopkeepers who put up prices without good reason, and hack away at some of the worst outgrowths in the jungle of the French distributive system.

Abuses in food distribution are notorious. Authentic accounts say middle men often are responsible for making the consumer price as much as five or six times what the grower received.

Gaillard may survive the first round of the legislative battle today but his program is sure to mean a long and bitter battle with right wing deputies.

Letters

BRAIN WEARIES AT EDITORIAL TALE

Sir: The Penticton Herald arrives as a daily contribution to our household. Unfortunately, my brain wearies of two daily papers, and a twice told tale. Even to the wedding that I can, if I choose, heard a third time on a news broadcast.

You couldn't tell me, I suppose, if editorial writers are provided with a handbook, with loose leaf binding and clearly printed patterns guaranteed to set the decor of page 2, 3 or 4, and to be the latest thing?

I hesitate to assume that editors of the units in a newspaper chain have no mind and/or are all of one mind. Knowing that there is a counsel relationship between the Editor's column and the Letters to the Editor, I find it intriguing to think that an editorial is sometimes thrown like a stone into a pool, just to see how many waves it will produce. On November 4, you throw "Solon Low and Funny Money" in. Possibly the handbook, if you have one, suggested it. Such a heavy rock, thrown with no finesse, is of course supposed to go down with a dreadful sound, while the bubbles rise and break around.

You have managed to do a number of things in the writing of that editorial:

(a) Added confusion to local minds already confused by an apostate Social Credit government in B.C.

(b) Encouraged the tendency toward bi-partisan government at Ottawa by lampooning the one statement by a leader of the Opposition that is consistent with what he should be expected to say.

(c) Shown that you only know, or choose to recognize, the conception of economics emanating from the London School of Economics. Two teachers can disagree with each other, yet both be literate. Mr. Low took instruction from a different teacher

er than did Mr. Coyne.

(d) Revealed, and played upon, a common weakness of the human being: the tendency to seek reassurance from the utterances of official authority. Mr. Coyne is the mouthpiece of a vast and powerful organization, much less interested in the welfare of the Canadian people than the name, Bank of Canada, would suggest and operating within a frame of reference that does not make the Bank responsible to the Parliament of Canada.

It is a one-sided list of accomplishments. Obviously, some knowledge of the other side would have contributed to editorial integrity. As a man you are free to choose your side but, for your readers, it would show a little old-world journalistic courtesy to give both sides. The hypothetical handbook probably advised otherwise.

Mr. Low has taken the philosophy of Social Credit into politics. He has not always avoided compromise and he may be a tool of a bi-partisan plan. He may even have agreed to be a stone which dispense the news. But wouldn't you sooner skip than throw? Choose your stone, know about it, weigh it carefully, and cast it across the water before your readers' eyes so that they watch, think, and have a wish to find the secret.

I write this letter anonymously because of my aversion to the application of the name Social Credit to a present day political party. I commend to you, however, a study of Social Credit philosophy as it was written by its founder, C. H. Douglas. I also suggest that you go behind the label, Bible Bill, and take a look at the man who was William Abernethy. For a liberal education in the humanities, and an antidote for handbooks, you will find nothing better.

Yours truly,
"AN OFFICIAL OBSERVER"
(Name and address supplied)

OTTAWA REPORT

Oysters for PM At Travel Meet

By PARTICK NICHOLSON
Special Correspondent to the Herald

OTTAWA: The best oysters in the world are back in Ottawa—but not yet in satisfying quantities. But perhaps this is in keeping with their home, little Prince Edward Island, whose theme must necessarily be and is—quality before quantity.

Disease in the PEI oyster beds was said to be responsible for the acute shortage, and ultimately the total absence of the fat luscious Malpeques oysters here last winter. But now they have made a welcome return to the dinner table. Two dozen Malpeques were presented to Prime Minister John Diefenbaker when he visited the dinner meeting of the Canadian Travel Association here.

FISHING PARADISE

Saskatchewan's most famous fisherman got in a good gathering of his sport at that CTA gathering. Samples of the fish harvest of most of our provinces were presented to Prime Minister Diefenbaker there. He gratefully received, and carefully examined, gifts of 25-pound salmon from B.C., 17-pound Lake Trout from Manitoba, 60-pound cod from Newfoundland, 3-pound mackerel from Nova Scotia, lobster from New Brunswick, pickerel from Ontario, and those Malpeques from PEI.

After seeing these fine samples, the Prime Minister showed the sentiments which every fisherman feels about his own catch. "I still think," he said with a smile, "that North Saskatchewan produces pretty fine fish."

CANADA AIDS BRITAIN

There has been nothing but hush-hush over the proud fact that Canada has been able to come to the aid of Britain's booming atomic development, by supplying fissionable material. We are rightly proud of our status as one of the four leading atomic powers in the world, although we have so far made a point of applying our atomic know-how to peaceful purposes only.

Recently there was a disastrous explosion at Britain's plutonium factory at Windscale, in Cumberland County. Among the aftermaths was a shortage of fissionable raw material, and serious contamination of grassland over a wide adjoining area so that cows milk became unfit for human consumption. When Prime Minister Macmillan visited Canada recently, one of his quiet words in the Prime Minister John Diefenbaker's ear was, I believe, an urgent request for help.

RCMP DOES GET THEIR MAN

The newest beat for the Mounties in Ottawa is the official residence of the Prime Minister at 24 Sussex Street. There the Mounties achieved their proud boast within 48 hours of mounting

guard. It was while the Queen was visiting Ottawa. That evening, Her Majesty was due to visit 24 Sussex Street as guest of honor at a dinner party being given by Mr. and Mrs. Diefenbaker. The Mounties were on their toes lest some anarchist should creep in to try to assassinate the Queen.

Sure enough a suspicious-looking character prowled up to the front door after dusk, speeding swiftly out of the shadows to try the door handle. The alert Mountie nabbed him. The rogue tried to bluff it out, saying that he was a house guest returning late from a party. But no Mountie could be fooled by such a transparent tale. The ruffian then even tried the tale that he was the brother of the Prime Minister.

But that was even more obvious lie. The Mountie took the trespasser in custody around to the domestic entrance to see whether they knew the man. He was at once recognized, and Mr. Elmer Diefenbaker, brother of the Prime Minister and house guest, was permitted to enter by the back door and scuttle up to his bedroom to change into his formal attire.

Meanwhile Mrs. Olive Diefenbaker had hustled into her room, unbuttoning a day dress as she went, to change for the party. To her horror a strange man emerged from her clothes closet. Not a burglar—just another Mountie—looking for possible concealed bombs.

BIBLE THOUGHT

The earth is full of the goodness of the Lord. Psalm 33:5.

We are just beginning to understand the amazing love God has showered upon this earth. Two hundred miles of atmosphere protects us from the burning rays of the sun and from the frightful cold of night. No mind can measure or comprehend the infinite care the Infinite Father showers upon all living creatures.

MERCHANDISE MANAGER

Modern department store in progressive Northern town offers an outstanding opportunity in the field of store management.

Ideally, the man we seek should be from 35 to 45 years of age, presently employed as either manager with training and experience in up-to-date merchandising techniques. He must also have administrative ability.

Position carries responsibility for buying, warehousing and selling wide range of merchandise. Salary includes northern living allowance and has been set to attract top men in this field.

Candidates are requested to give full particulars of education and experience and enclose recent photograph if possible. All applications will be handled in a confidential manner and promptly acknowledged. Preliminary interviewing will be conducted in Vancouver. Replies should be addressed to: Box L 156, Penticton Herald.

MR. AND MRS. KARL THEODOR KAMPA
—Robert Morrison of Stocks.

Chrysanthemums Decorate St. Ann's For Impressive Kampa-Ruth Nuptials

Varicolored chrysanthemums banked the altar in St. Ann's Roman Catholic Church for the impressive ceremony at 10 a.m. Saturday, November 9, uniting in marriage Lorretta Armella Ruth, daughter of Mr. and Mrs. Joseph J. Ruth, of this city, and Karl Theodor Kampa, Penticton, Rev. Francis Quinlan performed the marriage ceremony and the bride's cousin, Rev. Carl Raab, of Olds, Alberta, officiated at the nuptial mass.

The charming bride, who was given in marriage by her father, chose a waltz length gown of white Chantilly lace over taffeta designed in the princess mode with a large velvet bow providing back interest. Her chapel veil misted from a pearl studded comb and she wore as jewellery, the groom's gift, a pearl necklace. She carried a white prayer book and red roses.

Miss Antoinette Ruth, the

bride's niece, as her only attendant, was attired in a bouffant ballerina frock of lilac colored Chantilly lace. Her bouquet was styled of white chrysanthemums and she wore a matching hair bandeau.

The bride's brother, Joseph Ruth, was best man and ushers were Leonard Reeve and Ed Sieg. Mrs. L. G. Delachere was wedding organist and Mrs. Adel Mayer, soloist.

A luncheon at the Hotel Prince Charles preceded an afternoon reception in St. Ann's parish hall. Serviteurs were Mrs. William Leinweber, Mrs. John Carroll, Mrs. Robert Schug and Miss Shirley Ruth.

The newly married couple left for a motor trip honeymoon to Mexico with the bride travelling in a black wool suit topped by a

short fur jacket and rose colored accessories. They will take up residence in this city on their return. The bride attended Penticton General Hospital and is at present registered nurse at the Edmonton High School and trained as a on the staff at the Penticton Hospital.

Out-of-town guests included Mr. and Mrs. Ed Meyer and family, Duncan, Miss Jeannette Raab, Mr. and Mrs. Norbert Ruth, Antoinette, Shirley and Barry, Macklin, Saskatchewan; Frank Sallis, Vancouver; Mr. and Mrs. Arnold Raab and Christine, New Westminster; Miss Sylvia Marak, Vancouver; Joe Ruth, Ken Petty, Ladner; Miss Marie Kluck, John Kluck, Vancouver; Tadeus Road, Keremeos, and Mrs. W. Richardson, Armstrong.

Guest speaker at the 48th anniversary meeting of Summerland WI on Friday, left, Mrs. J. H. Blackey of Westbank, who was at the Ceylon conference of the ACWW this year. She is pictured with Mrs. L. W. Rumball, Summerland WI, president, centre, and Mrs. Walter Rothwell of Trout Creek, secretary-treasurer.

Delegate to the ACWW Conference Addresses Summerland Institute

SUMMERLAND — Mrs. J. H. Blackey, delegate to the ACWW conference in Ceylon this year, was the interesting guest speaker at the regular meeting of Summerland WI on Friday afternoon in the Anglican parish hall.

The afternoon was a memorable one for the local institute because it marked the 48th anniversary, and because the recently won Tweedsmuir cup, and the Tweedsmuir entries were on exhibit, as well as the cup won this fall at the PNE.

Twenty-seven countries were represented at the Ceylon conference, Mrs. Blackey said, and 72 societies. Delegates were divided alphabetically as to the countries represented, and each person was presented with a hand-woven bag made by Ceylonese girls. Mrs. Blackey brought her pretty basket to the meeting.

She especially mentioned the unforgettable service of lamp lighting which took place before all meetings, and in the homes. Interpretive dancing preceded and ended all sessions and were beautiful, she said. In the evening they were brilliant in color and gems.

Survey reports took up much of the time, the speaker reported; the rules of ACWW and constitution were amended because of great expansion. There were

round table discussions on rural topics affecting the many countries represented. Delegates were seated 15 at a table.

Superstitions and how they impede progress were mentioned and a one-day conference was devoted to displays of various cultural activities, such as pottery, weaving and dancing.

Mrs. Blackey brought a display of jewellery which she obtained in various countries visited and told of the many semi-precious stones mined and polished in Ceylon.

On a side trip she visited the tea plantation of a son of Mrs. D. I. Gilman of Summerland and described the process of growth and harvest there.

Mrs. S. A. MacDonald thanked Mrs. Blackey for the glimpse of life in Ceylon.

Another part of the program was heard with interest when Miss Marion Cartwright, a life member, related stories of previous anniversaries particularly, the 10th, 25th and 40th celebrations. Miss Cartwright out the large decorated anniversary cake.

During the business part of the meeting, letters of congratulations on the Tweedsmuir contest success were read from the Summerland reeve and council; executive members of the FWI; and

Habs Pay Big Price For Win Over Leafs

ROUGH WELCOME

This falling Leaf is Pete Conacher, who thanks to checking by Detroit's Al Arbour, rear, found the going tough in his first game, since his leg injury early in the season. Detroit and Toronto, who share the cellar in NHL standings, settled for a 3-3 tie in a hard-fought game in Toronto, with Gordie Howe accounting for two of his team's goals.

Cougars Upset Laycoe's Crew

By The Canadian Press

Winnipeg Warriors have a firmer grip than ever on first place in the Western Hockey League's Prairie division today. The Warriors disposed of Calgary Stampede 5-2 Wednesday night and moved three points ahead of the idle Edmonton Flyers, their nearest challengers.

	W	L	T	P	Pts
Vancouver	9	1	4	18	10
New West	8	7	0	51	48
Seattle	6	6	1	38	11
Victoria	3	11	0	31	58
Prairie Division					
Winnipeg	8	4	0	37	38
Edmonton	6	5	1	37	38
Saskatoon	6	7	1	37	41
Calgary	5	9	1	45	11

Vancouver Canucks evaded a close call on their coast division leadership Wednesday night by not playing. The lowly Victoria Cougars downed the Canucks' closest rivals, New Westminster Royals, in a 3-3 upset game.

Winnipeg were behind 1-0 at the end of the first period against the Stamps. But they flashed three goals past Al Rollins in the middle frame.

Calgary reduced their arrears by one in the third and met a pair of goals in answer from the Warriors.

Howie Grover with two, Art Stratton, Bruce Lean and Gordie Dedahl were the Warriors' scorers. Calgary's target-finders were Dusty Blair and Sid Finney. High moment for the crowd of 3,630 at Calgary was a freak goal credited to Bruce Lea, which gave the Warriors the lead in the second frame.

Gord Tottle raced to the puck, escorted it behind the net, saw the rubber strike a broken stick

Bill Mawhinney Gets Golf Job

VANCOUVER (CP)—Bill Mawhinney, 28, was appointed professional at Hamilton's Burlington Golf Club Wednesday, The Province reported.

Mawhinney's only other pro position has been at the old Quilchena course here. As an amateur, Mawhinney won the B.C. title and the 1950 Canadian championship. He turned professional in 1954 and since then has made several unsuccessful bids on the tournament trail.

HURRICANE NO ILL WIND FOR EDDIE

Jackson Takes Savage Beating From Machen

SAN FRANCISCO (AP)—A title fight, low blows and possibilities of retirement formed boxing topics today after undefeated heavyweight Eddie Machen slammed and battered Tommy Hurricane Jackson into surrender.

The 195-pound Machen, a 25-year-old brawler from Redding, Calif., wants the championship bout with Floyd Patterson. He has an added talking point since his fight with Jackson goes into the record as a 10th-round technical knockout, the same as Patterson scored over Hurricane on July 29.

Jackson and manager Lippe Briard declared Eddie hit several low blows in taking his 24th straight victory. Machen said he

didn't hit below the belt knowingly. Referee Frankie Carter assessed no penalties for low punches.

With Jackson's right eye puffed closed at the end of the 10th, Briard called Carter over to view the damage and Frankie stopped it. The fight was scheduled for 12 rounds.

NEEDS A REST "I recommended that the fight be stopped," said Briard. Asked if he would have Jackson retire after the two consecutive batterings by Patterson and Machen, Lippe replied,

"He'll have to take a long rest. Retirement is up to him." The Hurricane, who weighed his heaviest at 201—six pounds

Rocket Sidelined With Leg Injury

By The Canadian Press

Montreal Canadiens fattened their lead in the National Hockey League Wednesday night but now face the bleak prospect of a month without Maurice (Rocket) Richard.

The Habits collected two points with a 4-2 victory over the Maple Leafs in Toronto, while New York Rangers and Chicago Black Hawks tied 2-2 in New York.

CIVIC CENTRE NEED STRESSED

Annual meeting and election of officers for the Penitence Recreation Commission, will be held in February. It was decided last night at a meeting of the commission.

Lack of finances was discussed and it was decided that council would be approached and asked to match the provincial government grants. This is done by several cities of comparable size, it was pointed out.

The commission also heard a talk by Mrs. Sheila White, who attended the youth leadership course in Victoria last spring. Mrs. White said it was the feeling of the youth leaders that a civic centre was a prime necessity for the athletic and cultural activities of youth.

Midget Opener Set for Sunday

Fresh from their 9-4 exhibition victory over the Summerland all-star team the Penitence Midgets will open the 1957-58 Okanagan Midget Hockey League at home Sunday at 1:45 p.m.

The local club will play host to the Kelowna team in the four-team league comprised of Vernon, Kelowna, Summerland and Penitence.

Als Sink Riders

OTTAWA (CP)—The running attack that Montreal coach Doug Walker boasted about during the regular Big Four football schedule finally bloomed Wednesday night as the Alouettes defeated Ottawa Rough Riders 24-15 in the league semi-final playoff.

The irony of it was that the Montreal runners, never quite free of injuries during the season were all physically sound against a usually strong Ottawa line that was crippled by injuries and influenza.

BECAUSE HE'S A NEGRO

Willie Mays Can Play But He Can't Live In San Francisco

SAN FRANCISCO (AP)—Willie Mays' attempt to buy a house here failed Wednesday because he is a Negro.

The spectacular 27-year-old San Francisco Giants centerfielder offered the \$37,500 the owner asked for a new house at 175 Miraloma Drive, but was turned down after a wait of several days. The owner said there was a great neighborhood pressure against the deal.

Walter A. Gneadtloff, who is still offering the house at the same price—but not to Mays—said:

"I'm just a union working man and I'd never get another job if I sold this house to that baseball player. I feel sorry for him, and if the neighbors say it would be okay, I'd do it."

PRESSURE APPLIED Gneadtloff, a small-scale builder, said two property owners he works for put pressure on him not to sell to Mays and neighbors objected by telephone. "I've never been through this kind of stuff and I'm not even mad about it now," Mays said. "I'd sure like to live in San

Francisco, but I didn't want to make an issue about it."

"I figure if a guy has his own problems he's got to lick them himself, and if neighbors don't want you, what's the good of buying."

"But talk about a thing like this goes all over the world, and it sure looks bad for our country."

BETTER IN SOUTH Mays' wife, Marguerite, was not as philosophical. "Down in Alabama where we come from," she said, "you know your place, and that's something, at least. But up here it's all a lot of camouflage. They grin in your face and then deceive you."

Mayor George Christopher said "What's happened is not in accordance with San Francisco's traditions." One of the property owners Gneadtloff said he worked for, Marvin Cawthill, said "Certainly I objected."

"I happen to have quite a few pieces of property in that area and I stand to lose a lot if colored people move in."

Jackson went down for a five count in the first round when he took a left and a right to the head. But from then on he remained upright although staggered repeatedly and wincing visibly under Machen's body attack.

Sid Flaherty, who manages Machen, said later, "Our next move is up to Patterson. If Patterson wants to fight Eddie, we're ready to talk business. If not, maybe we'll go to Europe for some bouts."

GRANT WARWICK
Joins Kamloops Chiefs

Warwick Trio Reunited

KAMLOOPS (CP)—Grant Warwick, playing coach of Penitence when they won the world championship in 1955, has joined Kamloops Chiefs of the Okanagan Senior Hockey League.

His brothers, Bill and Dick Warwick have been with Kamloops since the start of this season.

Kenny MacKenzie, owner-manager of the Chiefs, said Grant arrived in Kamloops today.

"I don't know whether he will be ready for Friday night's game against Vernon Canadians," he said.

"He has been working out at Edmonton, but he may not be in condition to play."

Grant has been playing this season with Edmonton Oil Kings.

The Warwick brothers left Penitence Vees at the end of the 1955-1956 season. They played last season with Trail Smoke-eaters of the Western International Hockey League.

Stella Swift Top Trundler

Penitence Retreading captured honors in the Men's Commercial League Wednesday when they scored a 3-276 triple and a single game score of 1,170.

Cy Lines swept the individual honors with a 798 triple game score and a single game of 358. Others scoring 300's were Al Decima 321, Art Malkinson 303 and John Ledenich 309.

For the second straight week the Women's Commercial League saw Crannas come up with the double honors scoring a 2,468 triple and 1,003 single.

Crannas were led by Stella Swift with a triple game score of 798 and a 333 single game score.

Habs' Snipers Out in Front

Montreal Canadiens, already far out in front in the National Hockey League scoring race, kept on pounding in the points Wednesday night in a 4-2 win over Toronto Maple Leafs.

Henri Pocket Rocket Richard gathered one assist to catch up with brother Maurice Rocket Richard at the top of the scoring column with 23 points.

BASKETBALL FARE FRIDAY

Clover Leaf's Olafson One of Canada's Best

Basketball fans in Penitence get an opportunity to see one of B.C.'s finest teams tomorrow night when Vancouver Cloverleafs clash with Penitence Trunkers in an exhibition game at the High School at 8:30.

Cloverleafs were edged by Vancouver C-Fun in last years Vancouver finals. In the B.C. finals C-Fun went down to defeat before Alberni Athletics who in turn were defeated in the Western Canadian finals by Lethbridge.

At least one of Cloverleafs stars came close to winning a place on the Canadian Olympic team two seasons ago. Lanky Herb Olafson was on the short list during final selections, giving way eventually to Alberni's Ron Bissett.

In an interview with the Herald last weekend Olympic coach Lance Hudson said Olafson came closer than he ever realised to making the trip. "Herb is a tremendous team man," said Hudson. "His abilities are obvious to anyone who knows basketball. I remember the night we finally decided on Bissett. It took us several hours and all-round experience was the only deciding factor."

Hudson, famous throughout the world for his famous stall during the Olympic play-downs, says the Leafs will be the team to beat before the season is over.

"It's many years since British Columbia had such tough competition in its senior basketball

GEORGE DROSSOS
In action Friday

league," he said. "A three-way fight between the Cloverleafs, Ellers and ourselves (C-Fun) is bound to take place with the winner facing Alberni Athletics."

Playing for the Penitence club Friday night will be playing-coach Ray Spring, George Drossos, Charlie Preen, Charlie Burch, Bruno Ceccon, Eric Holman, Ken Ellerback, Ken Oddy and Don Marshall. Another player, a centre, may also be dressed for the game.

and a bantam-junior preliminary at 7:30 will get the hardwoods warmed up.

Admission for the games will be adults 75 cents and students 35 cents. Elementary students who are accompanied by their parents will be given free admission, otherwise they will be charged 25 cents.

Eskimos are Heavy Favorites

EDMONTON (CP)—If statistics mean anything, the defending Canadian champion Edmonton Eskimos should be able to roll over Winnipeg Blue Bombers and capture the Western Interprovincial Football Union championship. The finals open Saturday.

An Eskimo victory would give the club a chance to meet the eastern Big Four champions for the Grey Cup for the fourth straight year.

Eskimos downed the Winnipeg club three of the four times the two clubs met in the Western Interprovincial Football Union regular schedule this season. Winnipeg's lone victory was by a mere one-point margin.

Bombers, second-place finishers this year, will have a chance to square things off with the Eskimos, who have managed to get into the finals each season since 1950, when the clubs met in the best-of-three finals.

LEAFS WON'T LET JAMES PLAY FOR NEW WESTMINSTER

TORONTO (CP)—Toronto Maple Leafs say football player Gerry James can't play hockey with New Westminster Royals in the Western Hockey League or with any other hockey club.

Stafford Smythe, member of the Leafs' management committee, Wednesday night rejected Royals' coach Hal Laycoe's request for the services of James during the remainder of the season.

James began playing hockey with Toronto in the National Hockey League in 1955 and was suspended this season for refusing to report to training camp. As a halfback with Winnipeg Blue Bombers, he set records for touchdowns and scoring in the Western Interprovincial Football Union this year.

Sports

GARTH WILTON, Sports Editor

Thursday, Nov. 14, 1957

THE PENTICTON HERALD

Lindsay Denies Detroit Charges

NEW YORK (AP)—Hockey star Ted Lindsay said Wednesday his former Detroit Red Wings teammates bowed to "outlets-de-pressures" in bolting the National Hockey League Players Association.

Lindsay, who is president of the Association, released a statement through the law firm of Lewis and Mound, in connection with the withdrawal of the Red Wings players from the association Tuesday.

"It is obvious that the Detroit players are not free agents, but are being compelled to do and say things," said Lindsay, who was in New York with Chicago Black Hawks for a game against New York Rangers Wednesday night. Lindsay was traded by Detroit to Chicago last summer.

Lindsay didn't spell out just what he meant by "outside pressures," but association lawyer Milton Mound said earlier Wednesday that NHL owners are putting the players under "extremely heavy" pressure because of the union-like organization.

The Red Wings players Wednesday took unanimous action in backing out of the association

and accused Lindsay and the association of a "complete lack of good faith."

In a statement issued by Wing Captain Red Kelly and a lawyer, the Wings also repudiated the association's \$3,000,000 anti-trust lawsuit against the league and club owners.

SAYS CONSULTATIONS HELD

Lindsay's statement countered: "The Detroit players said they were not consulted about the bringing of the anti-trust suit. The truth is that the last meeting of our board of directors was held in Montreal Oct. 4 and that meeting was attended by four of the Detroit players—Alex Delvecchio, Gordie Howe, Red Kelly and Marcel Pronovost.

"The complaint in the lawsuit was circulated and discussed and it was unanimously agreed that the suit would be filed by Oct. 10 unless any director, after consulting with his team, reported they were opposed to it."

U.S. Netters Are Ousted From Tourney

SYDNEY, Australia (AP)—American Davis Cup captain Bill Talbot, undismayed by the early elimination of the U.S. tennis players in the New South Wales championships, said Wednesday he will pair veterans Vic Seixas and Gardner Mulloy in the South Australian championships.

This tournament, starting Nov. 21 at Adelaide, is next on the schedule for the Americans, none of whom got past the quarter-final round here.

Seixas, a 34-year-old Philadelphia teamer with young Ron Holmberg of Brooklyn, were eliminated in the quarter-finals Wednesday by the third-seeded Australian pair of Roy Emerson and Bob Howe, 6-3, 6-3, 10-12, 3-6, 6-3.

Earlier in the week all the Americans were ousted from the singles before the quarter-finals were over.

Late Wednesday Australia's second-seeded doubles pair, Mervyn Rose and Malcolm Anderson, eliminated Emerson and Howe in the semi-finals, 8-6, 12-10, 6-4. The other semi-final match between top-seeded Ashley Cooper and Neale Fraser and unseeded Bob Mark and Peter Newman was even in the third set when darkness stopped play. Cooper and Fraser lost the first set 4-6, won the second 10-8 and the third 4-7.

Gus Adams Starry In Leafs Nets

NELSON (CP)—Gus Adams kicked out 17 shots in the first period here Wednesday night in helping his Nelson Maple Leaf mates edge Rossland Warriors 5-3 in a Western International Hockey League game.

The issue wasn't decided until Mickey Maglio broke away to score into an open net with less than half a minute to play.

Hal Jones, scoring his second of the night, had tied the game for the third time with a screened blast. Leading Warrior scorer, Elmoke, McIntyre opened the scoring.

Don Appleton, Garth Lipsack, Lee Hyasop, and Shorty Malacko tallied for Nelson, with Malacko's long drive from the point proving to be the eventual winner. Rossland defenceman Don Fletcher was sitting out a penalty for failing on the puck.

An estimated 500 fans were present, as Nelson moved into a tie with Spokane Flyers for first place. They have a chance to take the lead tonight when they visit Trail Smoke Eaters.

LINEUPS
Nelson — goal: Adams; defence, Parker, Stewart, Severin, Malacko; forwards, Hyasop, Yeller, Pilla, Appleton, Lipsack, Martin, Shookley.
Rossland — goal: Zanier; defence: Fletcher, Kraiger, Ferguson, McCabe; forwards, McIntyre, Burrows, Leonard, Jones, Demore, Lucchini, Andrews, Secco, Chorney.

SUMMARY
First period — Scoring none. Penalties: none.
Second period — 1. Rossland, McIntyre (Lucchini, Kraiger) :38. 2. Nelson, Appleton (Pilla, Martin) 1:05. 3. Nelson, Lipsack (Shookley, Malacko) 11:12. 4. 22. 5. Nelson, Hyasop (Maglio, Kellar) 19:21. Penalties: Pilla 13:41, Kellar 19:57.
Third period — 6. Rossland, Jones (Secco, Kraiger) 15:03. 7. Nelson, Malacko (Pilla, Appleton) 17:48. 8. Nelson, Maglio 18:47. Penalties: Lovensdahl 2:46, Fletcher 16:42.

BANTAMWEIGHT BATTLE

Mexico's Raul Macias catches Alphonse Hallini of France with a hard right to the face in the ninth round of their bantam-weight title clash at Wrigley Field in Los Angeles. Hallini pounded out a 15-round split decision over Macias to become undisputed bantam king of the world. The 25-year-old Algerian also holds the European Boxing Union title — while Macias — who was favored 10-6 to cop the crown — is recognized in the U.S. and Mexico as bantamweight king.

Agreement Seen On Compensation

NEW YORK (AP)—The compensation conflict between the Pacific Coast League and the Dodgers and Giants, resulting from the invasion of the two National League clubs into Los Angeles and San Francisco, may be resolved next month, PCL President Leslie O'Connor said Wednesday.

A two-day meeting with representatives of the Dodgers and Giants failed to produce an agreement over the amount of indemnity to be paid to the PCL and its clubs, O'Connor acknowledged before departing for home. He added, however, that the meetings helped to clear the air and opened the way for a settlement at the annual winter meetings at Colorado Springs, starting Dec. 2.

"We're working on two different propositions," he added. "I don't know whether either will work but I hope that one of them will."

WON'T DRAFT LEAGUE

Asked whether one of the propositions concerned a league realignment, including three new cities to replace Los Angeles, San Francisco and Hollywood or whether it concerned a union with the American Association for the purpose of forming a 12-team circuit, O'Connor said.

"I can't give out any details be-

cause we don't want to get things stirred up in other cities unless we can go through with it. One thing I can tell you, though, is that we have no intention of drafting any clubs from the Texas League."

O'Connor denied a report that the coast league had asked for 25 cents from each paid admission at Dodger and Giant games for an indefinite period, adding, "There is an agreement on the principle of compensation. They, the Dodgers and Giants, agree they owe us something. The disagreement is over the specific amount." He declined to reveal the actual basis of settlement.

McTaggart Defends Shuttle Title

VANCOUVER (CP)—Canadian badminton champion Dave McTaggart will defend his A division title at the Vancouver Racquets Club invitational squash and badminton tournament this weekend.

McTaggart's main opposition will come from Seattle's Don Davis, second-ranking American player. Seeded Canadians Bert Ferguson and John Bouck, both of Vancouver, should provide the main opposition for McTaggart.

Some 25 to 30 entries are expected in the tournament.

Grey Cup Role For Diefenbaker

TORONTO (CP)—Prime Minister Diefenbaker is expected to play a prominent role in Grey Cup festivities this year. It marks the first time the active head of government has taken a part in the country's top sports spectacle since the cup was first put up for competition in 1909.

The dinner committee, headed by Harry (Red) Foster of Toronto, announced Wednesday a full program for the prime minister the weekend of the classic.

He will be guest speaker at the eighth annual cup dinner on Friday night, Nov. 29, eve of the East-West football final. Later that night he is scheduled to ac-

company his wife to the Miss Grey Cup beauty contest where the winner will be crowned by Mrs. Diefenbaker and Saturday at 1 p.m. EST he will make the honorary kickoff.

PM, CRONIN SPEAKERS

The prime minister will share the speakers' platform at the \$10-a-plate dinner with Carl Cronin, playing-coach of Calgary in the Western Interprovincial Football Union from 1935 to 1938 and later a player with Winnipeg Blue Bombers. Cronin now is living in Chicago.

The dinner, launched in 1950 to help the family of a coach who had died suddenly, has been held in Toronto every year since with the exception of 1955 when the cup final was moved to Vancouver. Proceeds have been administered by a board of trustees, and more than \$20,000 has been spent to help out former players or others connected with the game who have hit hard days.

Since 1952, trustees have awarded Canadian Rugby Union plaques to men who have contributed to football.

HONOR FIVE MEN

This year, five men—two from the West and three from the East—will be honored. They are: Moe Lieberman, past president of the Grey Cup champion Edmonton Eskimos and manager of the 1921 Eskimos, first western challengers for the trophy, who lost 23-0 to Toronto Argonauts at Toronto.

Dr. E. A. McCusker, Regina, former president and treasurer of Saskatchewan Roughriders and a former president of the Western Interprovincial Football Union and the Canadian Rugby Union.

The late Frank Ike Commins, great Toronto Balmy Beach halfback of the 1930s who was president of the Ontario Rugby Football Union at his death this year.

Vic Lynn Resigns as Sudbury Coach

SUDBURY (CP)—Vic Lynn, a veteran National Hockey League player, resigned Wednesday as coach of Sudbury Wolves.

The team is in last place in the combined Ontario Hockey Association-NOHA senior A series.

Nick Tomluk, 32, veteran forward, was signed to replace Lynn.

Club president Stan Brunton said Lynn resigned after finding the job of coaching, managing and playing too much for one person to handle. He was working on the first part of a two-year contract. The wolves purchased him from Brandon of the Western Hockey League for \$2,500. Lynn, 32, a native of Saskatoon, played for five NHL teams, missing only New York Rangers.

THE PENTICTON HERALD

Thursday, Nov. 14, 1957

Dr. M. D. Kinsella of Toronto, long-time Toronto Argonaut executive and former president of the Canadian Rugby Union and Big Four.

Col. D. Stuart Forbes of Montreal, former director of athletics at McGill University and a former president of the CRU and of the International Intercollegiate Hockey League.

ANGRY GROWERS RAZE ORCHARDS

Typical of several irate Niagara peach growers who are razing their orchards is Mrs. Verna Glover of Winona, Ont., who is shown chopping down a tree on her husband's property. An estimated 100 acres have been cleared of peach trees by the angry farmers, who are protesting the "Fascist" regulations of the Ontario Peach Growers' Marketing Board. Several peach growers are angry at the board's regulation of all sales of peaches to wholesalers and the ban of individual price-cutting by farmers. Many of the farmers are switching to other fruit crops or selling their topsoil from the razed orchards at handsome prices.

NEWS IN BRIEF

WOMAN ELECTED MAYOR

CLARENVILLE, Nfld. (CP) — Mrs. Harry D. Drover has been elected Newfoundland's first woman mayor. Mr. Drover was elected to the Clarenville council, making it the first time a husband and wife have served on council together.

ADMIT IDENTIFY

BUFFALO, N.Y. (AP) — An immigration service official reports that Giuseppe Lamarcia, 32, wanted by Italian police for a long string of crimes, has admitted his identity but denied the criminal charges.

RED LEADERS MEET

VIENNA (Reuters) — A Hungarian delegation led by Premier Janos Kadar had talks with Polish and Italian Communist leaders in Moscow Tuesday. Budapest radio said Wednesday. It said the talks followed negotiations with Yugoslav Vice-President Edvard Kardelj and Aleksander Rankovic.

Quebec Seeks Large Share Tax Revenues

QUEBEC — (CP) — The provincial government called yesterday for a larger share of federal tax revenues collected in Quebec. The speech from the throne inaugurating the annual legislative session said continuing industrial development in widely-scattered areas of the province makes large government expenditures "imperative".

These in turn will require "a more complete use of the revenue sources which the Canadian constitution recognizes as belonging to the provinces — to the province of Quebec particularly."

Reds to Launch Rocket to Moon Within 2 Years

WARSAW — (Reuters) — Russia plans to launch a rocket to the moon within 18 months to two years, a Soviet scientist said in an interview published today. Russia hopes to send a rocket with humans aboard to the moon within five to 10 years, added professor Kirill Stanlyukovich of the Soviet Academy of Sciences. He also confirmed that Lelka, the space dog in Sputnik II, is dead. She was never intended to survive and her last meal was poisoned to spare her suffering, he said.

Resort Grading Plan Supported

VANCOUVER (CP) — British Columbia motel and resort operators were urged yesterday to continue star-grading their operations.

Alberta's deputy minister of economic affairs, Ralph Moore, told delegates to the 13th annual convention of the Auto Courts and Resorts Association of B.C. that the public demands classification of tourist accommodation.

Many of the association's 500 members are opposed to the present system of star-grading, saying it is haphazard and unfair.

"The classification system we have now is not the true guide to

B.C. resorts and motels as the government claims it is," said the association's provincial president, E. John Luckhurst.

Mr. Moore said that star-grading is of "vital use to the tourist."

"He must have advanced information about places to stay before he arrives," said Mr. Moore. "Motel and resort accommodation is not something a traveller can shop around for."

Mrs. Lillian Chambers, vice-president and chairman of the association's highway committee, said present highway regulations permit courts on side-turnings to erect only small directional signs on highways.

She urged that larger signs be allowed to advertise amenities offered. At present they are restricted to a size of 48 inches by 28 inches.

Deputy highways minister Evan Jones said later his department is opposed to too many signs.

Train Service Disrupted by Derailment
PORT COLDWELL, Ont. (CP) — Canadian Pacific Railway services on the mainline north of Lake Superior were disrupted yesterday as a result of the derailment of an engine and four express cars here.

No one was injured in the accident, caused by a rock slide. Railway officials said the track has been cleared.

The track on which the derailment occurred had been inspected 10 minutes before No. 5, an express and passenger train which travels from Toronto and Vancouver, reached the area.

The engine and cars did not turn over, and the one passenger coach on the train was empty.

Tories Charged With Gov't By Postponement
OTTAWA (CP) — Jean Lesage charged yesterday "the Progressive Conservative government has no policies of its own on anything and is giving Canada 'government by postponement'."

"Instead of facing the issues and defining its policies, the government calls conferences and appoints royal commissions," said the former Liberal resources minister during the Commons throne speech debate.

Mr. Lesage, member for Montmagny-L'Islet, discredited the speech from the throne, practically proposal by proposal, and said that most legislation so far constituted advances within the framework of the policies of the previous Liberal government.

Coast Man Arrested for Missing Trial
MIAMI (AP) — The FBI yesterday arrested Leonard Norman Caple, 29, of Vancouver, on charges of failing to appear for trial on a car theft charge and re-entering the United States after deportation.

S. S. Alden, special FBI agent, said Caple was living aboard a sloop when arrested.

Alden said Caple is charged with stealing a car in Spokane, Wash., and bringing it to Miami. He was to have been tried Nov. 6.

Applications approved were:

Bishop of Nelson to subdivide Block B451, Map 503 on Main Street into two lots. This is presently St. Joseph's school property on part of which, a new Catholic church is to be built.

John L. Dally and J. W. Johnson, to subdivide Lot B, Block 204, Map 305 on Naramata Road. Approved: providing 10 feet on Naramata Road and 10 feet on Randolph Road are dedicated for road widening purposes.

Application refused was that of R. N. Byington for resubdivision of Lots one and two, Plan 1397 at Duncan Avenue and Government Street. In refusing the application council suggested it be referred to the zoning board of appeal.

♦ A K Q 8
♣ Q 10 7

The bidding:
South West North East
1♠ Pass 2♠ Pass
2♥ Pass 3♥ Pass
3NT Pass Pass Dbl.

Opening lead—nine of hearts.
Terence Reese and Boris Schapiro, of England, are universally regarded as one of the best pairs in the world. This is not to say that they don't run into an occasional disaster in a given hand. When the European championships were held in Vienna recently, the British team came up against Denmark in the first round. Italy won the championship again with seventeen countries competing.
With Schapiro North and Reese South, the bidding went as shown. The three heart bid was offered to encourage a three notrump response if Reese had spade strength, and Reese was glad to oblige.

The Danish East decided to double three notrump to be sure of getting a heart lead. A heart promptly appeared and East took dummy's jack with the queen. A low spade was returned.
Reese played the king and West the ace. Another heart lead enabled East to take four more heart tricks, after which West got two spades and the nightmare was over. Down four—700 points.
The result was contract was scientifically arrived at, and appears justified by the North-South cards. But the East-West cards, being laid out the way they were, vanquished science.
When the Danish pair held the North-South hands, the bidding went less scientifically but more effectively:

South West North East
1♠ Pass 2♠ Pass
2♥ Pass 3♥ Pass
3NT Pass Pass Dbl.

East opened a heart which North won with the jack. Not having X-ray eyes, North failed to guess the actual club situation and wound up with seven tricks. Down two—100 points.
So the English team lost 600 points on the deal. The loss did not prove insurmountable, since Britain went on to win the match against the Danes.
The British team had the distinction of playing sixteen matches against the various countries without losing a match. But because they tied in six of the matches, they ended in third place, behind Italy and Austria.

Tomorrow: How the experts are bidding these days.

BEHIND THE SCREEN

Cagney is Popular With Dockers

By BOB THOMAS

NEW YORK (AP) — James Cagney flanked by two New York policemen, walked to the end of Pier 17 through a crowd of tough longshoremen.

The workers greeted him warmly, shouting comments to him. He answered them back in kind, and they were delighted. It was obvious that they accepted him as one of their kind.

Cagney was reporting for a scene in his new movie, "Never So Easily Begotten," which was filming near the Brooklyn Bridge. It's a musical satire in which he plays a tough guy who sings his way to control of a corrupt labor union.

When he did his campaign number before the rugged-looking audience on the wind-swept pier — some actors, some not — he was immensely convincing. James Cagney, ex-hooper, an actor who has earned millions, still could act the mug.

"That's what growing up in this town did for me," Jimmy said as he sat in the shelter of a truck and surveyed the skyline of New York. "Imagine me trying to play a tough guy if I hadn't been brought up in a tough part of town. Believe me, it has paid off well over the years."

SCENERY OF BOYHOOD

Being back in the scenes of his

boyhood prompted some nostalgia on his part. He talked about his early days around 79th Street on the east side.

"Sure, the kids were tough in those days," he said. "They used blackjacks and knives then, too. But there didn't seem to be the organization that there is today. We travelled in gangs, but every guy was fundamentally a free-lancer."

"Today, the kid gangs seem to have taken a note from the mob in organizing and demanding protection money and that sort of thing. It's vicious."

Was Jimmy ever in trouble with the police?
"No, the Cagney boys never got a chance to," he said. "We were always working too hard at some job. Besides, we had a mother who kept drumming into us the idea of education, education, education."

NEW ESCORT LAUNCHED

HALIFAX (CP) — The 13th of 14 new destroyer-escort vessels for the navy was launched here Wednesday. The Chaudiere, third of the modern anti-submarine ships to be built here, was christened by Mrs. E. W. Finch-Noyes, whose commander husband is commodore of the RCN barracks here.

RUSSIA CLAIMS LARGEST, FASTEST PASSENGER PLANE

Two men at a Moscow airport are dwarfed by the TU-114 which Russia says can carry 129 persons from Moscow to New York in 10 to 12 hours. The plane, described as "the largest and speediest passenger aircraft in the world" is powered by four prop-jet engines twice as powerful as those of similar aircraft outside Russia. The announcement said the plane has two elevators, a telephone system and a restaurant for 48 persons.

CANADA'S FINANCIAL POLICY

Fleming Denies Clash Between Gov't, Bank

OTTAWA (CP)—Finance Minister Fleming said yesterday he is "not aware of anything that could be called a clash" between the Bank of Canada and the government on financial policy.

But he declined to state, in the face of Commons questioning, what he discussed Tuesday in a meeting with Governor James E. Coyne of the Bank of Canada.

He said it would be "highly improper" to disclose any discussions with departmental advisers. James Sinclair (L.-Coast-Caplan) asked about reports of a clash of opinion between the government and the bank. Then, referring to Mr. Fleming's reply,

the former fisheries minister asked whether it meant the government was in accord with bank policy.

Mr. Sinclair said Mr. Fleming earlier this session had termed

Magazines To Retire From 'Expose' Field

LOS ANGELES (AP)—Confidential and Whisper magazines have decided to retire from the "expose" field. And, in a development apparently related to this decision, they have won dismissal of one of the conspiracy charges brought against them.

The magazines announced in newspaper ads yesterday that they will eliminate expose stories on the private lives of celebrities, beginning with the March 1958, issue of Confidential and the April, 1958, issue of Whisper.

The ads said the magazines "never felt that such stories violated any laws," but nevertheless agreed on the format change with the state attorney-general and county district attorney.

Banking Law Change Studied

MONTREAL (CP)—Canadian chartered banks today were reported interested in and studying closely a recent change in British banking law dropping endorsement requirements on cheques deposited by a payee in his own account.

However, Canadian bankers said they saw no immediate prospect of suggesting a similar change in Canadian banking law.

Ontario Liberal Leader Resigns

TORONTO (CP)—Farguhar Oliver has tendered his resignation as leader of the Ontario Liberal party, effective when a successor is chosen.

In a letter to W. E. Hale, secretary of the Ontario Liberal Association, Mr. Oliver said "It is my firm conviction that our party has benefited by periodic examination of policy and leadership and I believe that such a time is again opportune."

"In order to further these objectives, I am hereby tendering my resignation as leader of the Liberal party in Ontario, such resignation to become effective when my successor is chosen."

Mr. Oliver last month called for a party leadership convention to be held in conjunction with the association's annual meeting next April 18-19 in Toronto.

Mr. Oliver first became Ontario Liberal leader in 1945.

Keremeos Elks Officers Installed

KEREMEOS — District Deputy Grand Exalted Ruler R. E. Walters of Keremeos officiated at the installation ceremonies of the officers-elect of Keremeos BPO Elks, Lodge 56, with A. Advocate acting as assistant installing officer.

Installed were: exalted ruler, G. F. Barker; past exalted ruler, F. C. McCague; leading knight, A. W. Webb; loyal knight, E. C. Clarke; lecturing knight, D. Carlson; secretary-treasurer, A. S. Wainwright; historian, R. Carleton; chaplain, M. H. Winters; esquire, H. R. McDonald; inner guard, C. A. Reid; tiler, W. Becroft; organist, W. G. Smith; two-year trustee, M. Roadhouse.

Also present at the ceremony was District Deputy Supreme Honored Royal Lady, Mrs. J. R. Innis of Keremeos. Adding much to the ceremony was the precision work of the drill team of members of OORP, Lodge 83.

Among numerous out-of-town guests were A. T. Roth and O. Curtis, Kelowna; H. E. Dawson, Oliver; A. McCrum, C. A. Bernad, Princeton; A. T. Rhodes, Hedley and others.

A banquet supper, provided by the members of Lodge 83 and a dance rounded out an enjoyable evening.

Council Supreme In Its Own Sphere

TORONTO (CP)—Mr. Justice J. L. McLeannan of the Supreme Court of Ontario has ruled that a municipal council is "supreme in its own sphere" and cannot be forced to produce all of its documents and records for public inspection.

He made the ruling in a written judgment on a motion by Arthur R. Ford, editor-in-chief of the London Free Press who sought a writ requiring the City of London to allow him to inspect and obtain copies of documents covering the proposed annexation of several areas in surrounding municipalities.

The judgment said "the municipal council is supreme in its own sphere and I would not make an order compelling production of the report where the council considers on reasonable grounds that it ought not to be made public."

ASKS ABOUT BUDGET

Stanley Knowles, deputy CCF leader, asked when Mr. Fleming will present either a budget or "budgetary proposals" this session.

Without stating definitely whether he will make a full-scale budget speech, Mr. Fleming said that "whatever is put forward before the House" to carry out government policy will be done in due course.

There has been speculation that the government may not present a budget this session, but instead make any tax changes by separate bills amending tax statutes.

Local Auto Court President Attending Coast Convention

Harry Patrick, president of the local branch of the B.C. Auto Courts and Resorts Association, attended the annual convention of the parent association in Vancouver, yesterday.

More than 150 delegates from all parts of B.C. participated in the two-day convention.

MERCY MISSIONS

Coordinating mercy missions to bring seriously injured workmen to Vancouver for special treatment means that Frank Green, WCB emergency transportation supervisor, must be on call 24 hours a day. Frank recently completed arrangements for the 100th mercy mission handled in his eight years at the WCB. A few months ago he had seven separate mercy missions to arrange in one day. He is shown here phoning instructions to an airline.

UNITED NATIONS, N.Y. (AP)—The United Nations will be asked early next week to approve a U.S.-supported plan for financing the United Nations Emergency Force in Palestine through most of next year.

1957 Wheat Crop Drops 36 Percent

OTTAWA (CP)—Canada's 1957 wheat crop has been officially estimated at 373,508,000 bushels, slightly higher than previous forecasts, but down about 33 per cent from last year's 573,000,000-bushel production.

The prairie wheat crop was placed at 352,000,000 bushels, down 36 per cent from last year's 551,000,000 bushels and 24 per cent below the 1947-56 average of 462,100,000; the bureau of statistics reported today. The estimate, final for the season, is based on information received by the bureau in mid-October.

The latest wheat estimate is 3,812,000 bushels higher than last month's forecast of 369,696,000.

but it is 23 per cent below the 10-year 1947-56 average of 486,600,000 bushels.

Other crop estimates showed little change from previous forecasts. Barley production was up a bit but oats and flaxseed were down slightly.

YIELDS, ACREAGE LOWER

The bureau said the 1957 wheat production decline resulted from a drop of 29 per cent in yields and an eight-per-cent dip in acreage.

The average yield at 17.8 bushels an acre, is eight per cent below the 10-year average of 19.4 but higher than the long-term average of 16.8.

Ontario's winter wheat is placed at 19,588,000 bushels, down slightly from last year's 20,000,000.

Crime Society Moves in on Garbage Racket

WASHINGTON (AP)—A federal agent testified yesterday the Mafia, notorious criminal secret society, has moved in on New York's garbage collection rackets.

Joseph Amato, head of a special investigating squad in the federal narcotics bureau, also told the Senate rackets investigating committee that Vincent J. Souliante, whom the committee has named as a kingpin in the garbage racket, is "an important figure" in the Mafia.

"He is considered by me and my office as a major source of supply for narcotics as well as being a prominent racketeer," Amato said.
